IMDb: imdb.com/name/nm9539066

Skills

Nuke Python Maya Silhouette

Experience

DNEG / Digital Compositor
February 2020 - Present, London

- Fast and Furious 9

Completing all tasks within the role of a Compositor taking shots from start to finish.

Industrial Light and Magic / Digital Paint Artist
August 2019 - February 2020, London

- Star Wars: The Rise of Skywalker

- No Time to Die

Along with my role in the Paint department I also developed various Nuke gizmos / tools. One of which is now canonical.

The Third Floor / Digital Compositor
May 2019, London

- Maleficent: Mistress of Evil

Short term work fulfilling all roles within the Compositing pipeline (CG integration, keying etc.)

DNEG / Greenlight Compositor
July 2018 - September 2018, London

- Bohemian Rhapsody

- Black Mirror: Striking Vipers

After training concluded I worked on live shows, as a compositor in both the Film and TV departments.

Blue Zoo / Lighting and Compositing Artist
April 2018 - April 2018, London

- Creating and Lighting particles within Particular for After Effects then compositing them within Nuke.

- Rebuilding de-archived After Effects comps and creating two versions, one with and one without certain characters. Used for medical treatments on young children with lazy eyes.

One of Us / Render Wrangler (with Compositing)

April 2018 - April 2018, London

- Star Wars: The Last Jedi

- Jurassic World: Fallen Kingdom

- The Current War

- Philip K Dick's Electric Dreams

Along with my technical responsibilities as a wrangler, I also aided the 2D department on many of the shows in the works during my time at the company. (Roto/Prep, Keying, Compositing and creating minicomps from finished composites to be used for stereo conversion)

Education

University of Hertfordshire / BA(Hons.) VFX for Film and Television

September 2016 - May 2019, Hertfordshire

First Class with Honours
